Dear Professor Kitsikis,

I am writing to you about Christos Kypraios, my student and advisee at the MA Program in International Relations at Istanbul Bilgi University. He is currently working with me on his thesis, provisionally titled "'Hellenoturkism", "Intermediate Region" and the Idea of a Greek-Turkish Confederation": Time for Reconsideration?", which rests to a large extent on the body of work that you have produced, as well as the ideas with which you have inspired other scholars. Christos proposed to study the resources held at the archives of Dimitri Kitsikis Foundation in Athens, which I also deem to be very valuable for the scope of his original research. I would greatly appreciate any support you may offer to this promising scholar while he embarks on his upcoming academic career.

Please feel free to contact me in case you have any need for further information.

Sincerely,

Ilay Romain Ors, Ph.D.
